

Preparing for your Visit to the Art Studio

We are looking forward to your visit to Crealdé School of Art. On the day of your visit, ask your bus driver to pull all the way to the back of the Crealdé campus to the entrance arch. This location allows for safe unloading of your students. The buses may park near the back fence or in the Publix lot if our lot is full. The Crealdé greeters will meet you at the arch ready to begin your visit.

Here are some activities and helpful hints to prepare for your Visit to the Art Studio.

To make the most of your experience begin with a visit to our website at Crealde.org where you will discover the variety of classes and workshops that we offer on our picturesque campus.

-  **Pre-Visit Discussion** – Why do people create art? To communicate, express themselves, decorate or record what they see. Looking at some of the oldest artworks can show how important art is in recording history – telling which animals were alive, what people looked like, what they wore, etc. A look at artwork from any time period can give important clues to life during that time. Read the book [The Cave Painter of Lascaux](#) by Roberta Angeletti to discover some of the oldest artwork.
-  **Create a name tag** – When our artists can recognize each student by name it helps create a comfortable environment where creative discussion is encouraged. Create name tags with the first name in LARGE, READABLE letters. **Writing vocabulary words on the back provides student's with a handy, helpful hint.**
-  **Speak like an Artist** – Review the following list of terms and the simple definitions so students can “speak like an artist” during their Art Adventure.

Artist – one who uses their imagination to create new ideas or objects

Art Studio – an artists workroom with appropriate equipment and facilities

Art Medium – material or method used by an artist to create art

Ceramics – objects made from clay that has been fired

Cylinder – 3-D form, shaped like a can

Gallery – a place to exhibit art work

Imagination – the part of the mind that forms creative or new ideas

Texture – the way something feels to the touch (for example: rough or smooth)

Three-Dimensional –form, art that appears to have length, breadth and depth

Two-Dimensional – shape, art that is flat, such as a painting, drawing or printing on paper

Vessel – a hollow container, can hold something

-  **Discuss Gallery and Garden Guidelines** – (1) Food and drinks are never permitted in the Gallery. (2) Artwork can be fragile. The artworks and sculptures should not be touched without permission. (3) Other visitors may be in the galleries during your visit. Good listening skills and quiet voices are a must. (4) The Crealdé gardens are home to many creatures among the sculptures and plant life. Please respect this unique environment and do not disturb them.

Bring a Picnic – Crealdé has covered picnic tables on an outdoor patio. You are welcome to use these facilities for a picnic lunch. There are no drink or vending machines on campus. Bring all food, drink and necessary coolers. Help keep our grounds clean by putting litter in the cans provided. For a more active alternative there is a nearby park (4 blocks) with play equipment and picnic facilities.

Dress for Success – Art is a creative, often messy process. During your visit to the Art Studio plan on sitting on the floor, strolling in the outdoor garden and working with clay. Play clothes and athletic shoes are recommended. ***Dress for mess!***

Your visit to the Art Studio is a 3 part experience!

Your visit will be divided into three different programs that address the Visual Arts benchmarks for second and third grades. More detail is available in the formatted Lesson Plans.

Art in Action!

Visit a working clay studio and watch a professional artist throw a vessel on the potters' wheel.

Objective: Students will use accurate art vocabulary to compare artworks with utilitarian objects.

{Visual Arts: VA.2.C.3.1, & 2: VA.2.C.3.2; VA.2.H.2.2; VA.3.2.1.4; VA.3.H.2.3}

Sitting on the floor you will be surrounded by works of art in different stages of completion. Use your artists vocabulary to ask questions and watch as a lump of clay becomes a piece of art or utilitarian object. After you exit the Clay Studio be prepared to divide into two groups of approximately equal size for the next two parts of your visit.

Explore Art!

Tour the Outdoor Sculpture Garden and Galleries

Objective: Students will be able to discuss various possible meanings in works of art

{Visual Arts: VA.2.C.1.2; VA.2.S.1.4; VA.2.F.2.1; VA.2.H.2.3; VA.3.S.1.4; VA.3.C.1.2; VA.3.H.2.2; VA.3.H.2.3 }

A Crealdé artist will lead your group in an interactive discussion about the works of art. What material or technique did the artist use? Why did the artist create the work? How does one art work differ from another?

Create Art!

Create your own work of art!

Objective: Students will be able to manipulate art materials to create three-dimensional personal works.

{Visual Arts: VA.2.S.1.4; VA.2.S.1.1; VA.2.S.2.2; VA.2.S.3.3; VA.3.S.1.1; VA.3.S.2.2; VA.3.S.3.3}

Under the guidance of a Crealdé Artist the students will use simple tools and clay hand-building techniques to create a sculpture out of self-hardening clay. Bring your imagination and prepare to get your hands dirty. These clay sculptures will be packed in a box and sent back to school. Let them dry for 3-5 days, then they can be embellished with markers or paints to enhance the self-expression.

Enrichment Activities

Using what you have learned during your Crealdé Art Adventure, explore art in everyday life.

Thinking Activity: Locate two different examples of art in your home. Answer these three questions about each example:

- 1) Is it (shape)2-dimensional or (form)3-dimensional?
- 2) What material or method was used to create it?
- 3) Is it utilitarian or decorative?

Writing prompts: Create a cartoon adventure about your clay creation.

What do the Crealdé sculptures do at night when no one is there to see them?

Assessment: Ask students to write in sequential order the activities that they experienced during their visit.

SCHOOL OF ART

For the Chaperone

Thank you so much for joining your student on their Visit to the Art Studio at Crealdé School of Art.

The Crealdé campus is a unique, garden environment and your assistance is essential to ensure a safe and fun field trip for everyone. Please review the following tips prior to your visit.

- Chaperones should accompany the students at all times and help students follow Gallery and Garden Guidelines discussed on page one.
- During Program 1, **Art in Action!**, the space is very limited. Please stand in the back of the room so that the students may sit up close for the best view. If your phone rings, please take the call outside.
- During Program 2, **Explore Art!** Please help keep the group together and on the pathways. The picturesque campus is filled with ponds and winding paths that can be confusing if a student strays from the group.
- During Program 3, **Create Art**, please listen to the instructions and help the students understand and stay focused. Some students may require assistance but remember we want to encourage the students to be creative so they will have a piece of art they are proud to call their own.
- If your school chooses to have lunch on Crealdé's campus, please help the students dispose of litter and keep our gardens beautiful. If necessary, remind the students that the sculptures and trees are not intended for climbing and can be dangerous.

We hope that you enjoy your Art Adventure to our garden campus. If you would like to experience Crealdé creating for yourself, we offer a wide array of courses and workshops for adults and children on three campuses including Jesse Brock Community Center in Winter Garden and The Heritage Center on W. New England Ave. For the art collector we also hold two sales annually in the Spring and the Fall. **Checkout the web at www.crealde.org.**

*Thank you for making your
students' adventure fun and safe!
the Crealdé Artists*

*Don't forget to visit our gift shop
Located inside the front office.*
